

Australian Patient Order System Explained

Freephone 1800 177 959 Fax +64 6 8777 240

What are the benefits of the Patient Ordering System?

- The Nutrsearch Patient Ordering System provides quick access to the complete range of Nutrsearch products, including Dr. Wilson's Future Formulations, Naturopaths Own and Douglas Laboratories.
- The Patient Ordering System allows your patients to order directly from Nutrsearch which reduces the need for you to carry any stock of our products.
- Nutrsearch is paid the recommended retail price by your patient, and you, the practitioner, receive the recommended mark-up by bank credit monthly.
- The Patient Order Form lists the product prices and the freight charges.
- Space is provided on the Patient Order Form for your patient's address details and credit card details. We would prefer to receive the first order via fax so that all client details can be recorded in our system. It would then be fine for your patients to call through on our phone or email linda@nutrsearch.co.nz for subsequent ordering.
- This system is being used by Australian practitioners now, and is working well. Please do not hesitate to call me or speak to our Managing Director Adam Ryan, should you have any queries.

How to join the Patient Ordering System?

Please fill in the form to provide:

- Your name as the Practitioner
- Your clinic and practitioner details
- Your bank account details to enable Nutrsearch to deposit monthly gross sales margins.

Please note: the Patient Order Form features a **retail price list** of all Nutrsearch products and another form for the patient's name, delivery address and credit card details.

How to order

- Select the products the patient requires
- Fill in the patient details
- Post, fax (preferred method) or email back the completed patient form to Nutrsearch on 1800 251 116 or info@nutrsearch.co.nz

All goods will be sent to the patient for (NZD) \$7.50 for orders up to \$400 and then \$15.00 for orders up to \$1000.
